PROFESSIONAL EXPERIENCE

Lima One Capital

Greenville, SC

Senior Software Engineer

05/2023-Present

- Spearheaded the redesign and development of an enterprise software suite using a microservices based architecture, RESTful JavaScript APIs and gRPC in NestJS and Postgresql.
- Played a key role in developing the framework for a one-to-one conversion of legacy Mulesoft APIs into NestJS.
- Currently leading a team of two developers and one QA engineer in the development of a .NET and ReactJS web application.

Transcat, Inc.

Latham, NY

Lead Software Engineer

04/2022-01/2023

- Lead a team of two Junior Software Developers as Lead Software Engineer on multiple projects within a dynamically changing environment.
- Developed C# Dotnet Web APIs with NUnit unit tests to connect various internal systems for the company.

LeaseTrack, Inc.

Latham, NY

Senior Software Engineer

06/2021-04/2022

- Created a cutting-edge machine learning tool using Python and Amazon Textract to extract key information from insurance documents, significantly cutting down on document processing time within the organization's CRM system.
- Developed a document annotation system in Java Spring Boot and Annotorious, providing a team of experts with a streamlined process for training a custom machine learning algorithm.

Akmazio LLC

Albany, NY

Business Owner

05/2020-05/2021

- Directed a team as Scrum Master through two-week sprints, daily stand ups, sprint planning, reviews, and retrospectives.
- Built a transformational mobile networking solution connecting financial advisors to qualified leads on a platform of small business owners.
- Engaged a team of 12 financial advisors and small business owners to participate as testers prior to go-live.

Bestpass, Inc.

Albany, NY

Senior Software Engineer

09/2019-04/2020

- Developed software to consolidate trucking company toll bills into a single location, categorized by cost center.
- Executed code maintenance on a C# MVC Knockout.js web app and a series of MS SQL stored procedures.

New York State Insurance Fund

Albany, NY

Software Engineer

03/2015-08/2019

- Revised an Oracle PL/SQL EDI system to be driven by decision tree tables and highly decoupled business logic functions.

Town & Country Computer Services

Albany, NY

Web Developer

07/2013-03/2015

- Created C# ASP.NET MVC3 tool allowing insurance agents to submit applications to underwriters online, eliminating the need for hand processing of quotes.

EDUCATION & CERTIFICATES

Bachelor of Art, Computer Science, Skidmore College

Certified ScrumMaster, ScrumAlliance
