PROFESSIONAL EXPERIENCE

Lima One Capital   Greenville, SC
Senior Software Engineer   **05/2023-Present**

- Spearheading strategic systems integrations projects in Python and JavaScript using APIs, Webhooks and Job Schedulers.
- Redesigned and developed an enterprise software suite using microservices architecture, RESTful JavaScript APIs and gRPC in NestJS and PostgreSQL.
- Key contributor in converting legacy Mulesoft APIs to NestJS, enhancing system efficiency.
- Lead a team of two developers and one QA engineer in creating a .NET and ReactJS web application for mortgage brokers.

Transcat, Inc.   Rochester, NY
Lead Software Engineer   **04/2022-01/2023**

- Led a team of two Junior Software Developers on multiple projects in a dynamic environment.
- Developed robust C# Dotnet Web APIs with NUnit unit tests, improving connectivity between internal systems.

LeaseTrack, Inc.   Latham, NY
Senior Software Engineer   **06/2021-04/2022**

- Created a machine learning tool using Python and Amazon Textract to expedite insurance document processing.
- Developed a document annotation system in Java Spring Boot and Annotorious, streamlining the training process for a custom machine learning algorithm.

Akmazio LLC   Albany, NY
Business Owner   **05/2020-05/2021**

- Directed a team as Scrum Master, facilitating two-week sprints, daily stand-ups, sprint planning, reviews, and retrospectives.
- Built a mobile networking solution for connecting financial advisors to qualified leads among small business owners.
- Engaged 12 financial advisors and small business owners as testers prior to the platform's go-live.

Bestpass, Inc.   Albany, NY
Senior Software Engineer   **09/2019-04/2020**

- Developed software to consolidate trucking company toll bills, categorized by cost center.
- Maintained a C# MVC Knockout.js web app and MS SQL stored procedures.

New York State Insurance Fund   Albany, NY
Software Engineer   **03/2015-08/2019**

- Revised an Oracle PL/SQL EDI system, integrating decision tree tables and decoupled business logic functions.

Town & Country Computer Services   Albany, NY
Web Developer   **07/2013-03/2015**

- Created a C# ASP.NET MVC3 tool, enabling online insurance application submissions and eliminating manual processing of quotes.
